

IN THE DRAWINGS

The Examiner objected to the drawings based upon 37 C.F.R. § 1.84(p)(5), specifically directed towards a reference sign “1100” for Figure 11. Figure 11 has been amended to including the reference sign “1100” depicting the tank referred to in the specification. A Submission of Formal Drawings has been filed herewith in the event that the Examiner approves the correction to Figure 11. Therefore, the objection to the drawings, specifically to Figure 11, should now be removed as the Examiner’s objections have been addressed.
